

ELEGRP-USB is a charger wall outlet, USB receptacle with Type A & Type C USB Ports. It is UL Listed with 15 Amp duplex tamper resistant receptacle plug NEMA 5-15R. Two USB charging ports with a total output of 4.2 Amp 5V DC. When use separately, the maximum output of the Type C port is 3.0 Amp 5V DC, and the Type A port is 2.4 Amp 5V DC. The wall plate is included.

FEATURES

- * Smart Chip: Identify and optimize the charging current of your devices
- * Tamper Resistant Shutters: Prevent children from inserting any unwanted objects into the outlets.
- * Universal Compatibility: Two high speed USB ports provide the fastest charging, compatible with iPhone, iPad, iPod, Samsung Galaxy/Note, Android mobile phones, E-readers, game systems, tablets, headsets and digital cameras, etc.
- * Support side wiring and back wiring. All screws have been loosened for ease of installation, there's no need to loosen the screws counterclockwise before wiring. Fits in a standard wall box. Can replace existing outlets. Compatible with standard wall plates and can be multi-ganged with other devices. Providing more space for maneuvering and reducing stress on USB cables.
- * Extremely low standby power consumption. Energy saving and long operating life. Flame resistant material has reached the highest grade of 5VA
