

This line voltage tape light mitigates the need for LV transformers and drivers while delivering 500 Lumens per foot of warm white light. This energy efficient format provides an effective option for hospitality, home theater and other various options.

**FEATURES**

- \* 3K CCT
- \* Input voltage: 120 VAC
- \* Power consumption: 15W/M (300W/ Roll)
- \* 2835 LED chips
- \* 4" Cutting increments
- \* Triac dimmable

**CONNECTOR KIT (sold separately)**

**WARRANTY & DETAILS**

- \* ETL Listed
- \* 3 year warranty
- \* IP 67
- \* Lead free Technology (ROHS)

**ORDERING INFORMATION**
